5 Free Upgrades:	No		

Improved/Simplified features

1 Simplified interface, easier access to patient record and its details: There is a lot of simplification in the interface. The new version is also a single screen solution

2 Backup/Restore: The backup/restore process is completely renewed. The new process is completely seamless. It allows you to backup complete/selective records to CD/DVD or any folder on your hard drive.

3 Recent List: The recent list is updated to list patient records of whole one year categorized by months and dates

4 Simplified Header/Footer & template designers.

6 Find Patient - Searching of patients made more easier.

7 Simplified image/video management: New directory structure for storing patient images and videos.

8 Referral Letter Writing: The referral letter can now be written in MS-Word.

9 Video Editor (split, trim, join, etc): There is a lot of improvements and simplifications in the video editor.
